

# GERRY HAS FALLEN IN LOVE!

## *What's love got to do with it?*

Since joining Gerry Udell, Inc. four years ago Gerry has fallen in love with the Professional Beauty industry. Like his grandfather, who started the family company over 50 years ago, he shares a strong passion and devotion to the Professional Beauty industry.

Likewise, the entire Gerry Udell group shares the same sentiments! This is one of the important reasons why Gerry Udell, Inc. is still the number one sales group in the most challenging territory in the United States—The Northeast!

*So what's love got to do with it?*  
**Plenty!**
